

22 April 1952

Mr. Turner H. McBaine
Pillsbury, Madison & Sutro
Standard Oil Building
San Francisco 4, California

Dear Turner:

25X1A On returning from a short but welcomed spring vacation,
I find your letter of March 3 addressed to Frank Wisner, con-
cerning [REDACTED].

25X1A [REDACTED] paid me a call on his own initiative, and we
have seen him a couple of times since. Until very recently,
however, my T/O was full, and I had to tell him that our in-
terest was for the future. It now appears that two slots may
be opened, and I plan to get in touch with him as he seemed
to be very likable and to have had good training and experi-
ence. My only doubts about him arise from the fact that he
thinks he would like to get into the legislative liaison
business and, from my own experience, I can't understand why
anyone would deliberately involve himself in that exercise.
The chances are that if he joins us, we will keep him busy
with straight law with the hope that he will see the light.

Thanks for your letter as it supports our original
estimate.

Best regards.

Sincerely,

Lawrence R. Houston
General Counsel
